

K-Love is a great radio station. I listen to it every day at my work place. It benefits our local community greatly. If we were not to receive K-Love in our local city, it would be a great loss. We have a lot of businesses that play K-Love. My children play K-Love non stop at home. They even go to sleep at night with it on. It is a tremendous service to our community and I support it 100%.
